

Cal OES Daily Situation Report

July 2, 2018

The Bay Area Cohort of the 2018 National Emergency Management Advanced Academy graduated on 06/30/18 with Cal OES Chief Deputy Director Grace Koch as the keynote speaker. The class included 43 Emergency Management professionals from all levels of government and included three representatives from Cal OES (Sandeep Singh, Grady Tunnell, and Rachel Sierer Wooden).

SITUATION SUMMARY

Cal OES SOUTHERN REGION

Virulent Newcastle Disease (VND) in backyard poultry and avian in San Bernardino and Los Angeles Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (VND) in chickens in Los Angeles and San Bernardino Counties.

- On 05/18/18, CDFA detected VND in a small flock of backyard exhibition chickens in Los Angeles County, and confirmed by the United States Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS).
- CDFA is the state lead on the incident, with support from Cal OES and in collaboration with USDA.
- USDA Incident Management Teams (IMTs) continue to rotate every two weeks to facilitate the management and support the response to the incident.
- CDFA confirmed there are no commercial premises currently involved and there is no public health risk due to this virus. Commercial surveillance actively continue to work with commercial premises in the surveillance zones on biosecurity to help protect their poultry from VND.
- [USDA IMT is working with commercial poultry premises to encourage submission of samples for VND surveillance testing, facilitate the development of Secure Food Supply Plans, and assist with the issuance of permits to move materials on and off commercial premises within established control areas.](#)
- Backyard Surveillance (education and outreach) continues in the surveillance zones.

Declaration

- On 06/26/18 at 1840 hours, the California State Warning Center (CSWC) received a report regarding Virulent Newcastle Disease (VND) from the California Department of Food and Agriculture (CDFA). CDFA has declared an Agricultural Emergency to provide the department the authority to activate internal emergency provisions and to expedite the request for permits and waivers required to perform designated activities under an emergency basis.

Activations

- San Bernardino Operational Area (OA) EOC is activated to Level 3 (lowest level) and will continue to monitor the incident.

Deployments

- One (1) Cal OES Southern Region Senior Emergency Services Coordinator (ESC) is deployed to the ICP as an AREP (Agency Representative). Operational Period of 0700-1900 hours.
- [See Weather of Concern Slide.](#)

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

INLAND REGION

Waverly Vegetation Fire, San Joaquin, Stanislaus, and Calaveras Counties

Location: N. Waverly Rd. x N. Shelton Rd., 8 miles east of Linden, border of San Joaquin, Stanislaus, and Calaveras Counties

Jurisdiction: State DPA, SRA, Tuolumne-Calaveras Unit

Start date/time: 06/29/18 at 1511 hours

Per Cal OES Duty Officers and ICS-209 as of 07/02/18 at 0809 hours:

- 11,789 acres grass, 100% contained
- Expected containment: 07/03/18
- Damaged Structures: 0 single residences, 0 other minor structures
- Destroyed Structures: 1 single residences, 2 other minor structures

Deployments

- 1 Cal OES Fire and Rescue Branch Assistant Chief

FIRE ACTIVITY

INLAND REGION (Continued)

Flat, Vegetation Fire, Trinity County

Location: Reading Creek Rd., 5 miles SE of Douglas City

Jurisdiction: State DPA, SRA, FRA

Start Date/Time: 06/28/18 at 1801 hours

Per Cal OES Duty Officers and ICS-209 as of [07/02/18 at 0809 hours](#):

- 300 acres, [60% contained](#)
- Expected containment: 07/06/18
- [Minimal fire behavior](#)
- 2 Public Safety Communications Technicians (PSCTs) and 1 trainee

Lions, Vegetation Fire, Madera County

Location: Lion Point, in the Ansel Adams Wilderness Area

Jurisdiction: Federal DPA, FRA, Sierra NF/Inyo NF

Per Cal OES Duty Officers and ICS-209 as of [07/02/18 at 0809 hours](#):

- 3,575 acres, 35% contained
- Expected containment: 07/14/18
- Moderate fire behavior, flanking and isolated torching
- Managed fire for multiple resource benefit

Lane, Vegetation Fire, Tehama County ([Final](#))

Location: Hwy 36, Paynes Creek

Jurisdiction: State DPA, SRA

CAL FIRE IMT-2

Start Date/Time: 06/23/18 at 1135 hours

Per Cal OES Duty Officers and ICS-209 as of [07/01/18 at 1730 hours](#):

- 3,716 acres grass, brush and timber, [96% contained](#)
- [Expected containment: 07/04/18](#)

Proclamations

- On 06/26/18, a Proclamation of Local Emergency was received as a result of the fires burning in Tehama County. The county is requesting California Disaster Assistance Act (CDAA) and Small Business Administration (SBA) disaster assistance.

FIRE ACTIVITY

INLAND REGION (Continued)

County, Vegetation Fire, Yolo and Napa Counties

Location: County Road 63 x Highway 16, Rumsey Canyon

Jurisdiction: State DPA, SRA, Sonoma- Lake-Napa Unit

Start Date/Time: 06/30/18 at 1412 hours

Per Cal OES Duty Officers and ICS-209 as of 07/02/18 at 0809 hours:

- 44,500 acres, 3% contained
- Expected containment: 07/10/18
- Threatened Structures: 100 single residences, 1 non-residential commercial structure, 15 other minor structures
- Damaged Structures: 0 single residences, 0 other minor structures
- Destroyed Structures: 0 single residences, 0 other minor structures
- Long range spotting
- CAL FIRE IMT-3 assumed command of fire at 0700 hours, 07/01/18

Activations

- Yolo County EOC activated, Level 1, 0600 hours, 07/01/18
- Napa County EOC is at Duty Officer Status at this time

Deployments

- 1 Cal OES Fire Division Assistant Chief assigned
- 1 Cal OES Inland Region Emergency Services Coordinator (ESC)
- 1 Cal OES Inland Region Senior ESC demobilized on 07/01/18
- 2 Public Safety Communications Technicians (PSCTs)

Resources Assigned

- As of 07/01/18, 2156 hours - Previously assigned communications resources returned to home-base.

FMAG

- On 07/01/18 at 1322 hours, a Fire Management Assistance Grant (FMAG) was received. The request has been placed on hold.

Evacuations

- Mandatory: Hwy 128 between Monticello Dam and Pleasants Valley Rd.
- Mandatory: North of Hwy 128, South of CR 23, East of Berryessa Knoxville Rd., West of CR 89

FIRE ACTIVITY

INLAND REGION (Continued)

County, Vegetation Fire, Yolo and Napa Counties (Continued)

Road Closures

- County Road (CR) N/B from Hwy 128, Berryessa Knoxville Rd. from Pope Creek Bridge to the Napa/Lake County Line
- Hwy 128 E/B Hwy 128 at Markley Resort
- SR 128 between Monticello Dam and the Yolo County line
 - Estimated time of reopening: 07/03/18, 1600 hours
- SR 128 between CR 87 and Solano County line
 - Estimated time of reopening: 07/03/18, 1600 hours

Evacuation Centers/Shelters

- **Evacuation Center:** Boy Scout Cabin, 16960 Yolo Ave., Esparto
 - Population, as of 07/02/18, 0823 hours: 3
- 400 person shelter supplies on standby
- There are currently no shelter needs for Napa County.

Animal Shelter

- Large Animal: Yolo County Fairgrounds, 1250 Gum Ave., Woodland
- Large Animal evacuation centers are being coordinated through the Yolo County Sheriffs Office
- A veterinary emergency response team is on standby.

Critical Infrastructure

Per California Utilities Emergency Association (CUEA) as of 07/01/18 at 1312 hours:

- An AT&T mobility tower is threatened (Berryessa Peak).
- There are no outages due to the fire and the grid is stable.
- AT&T responded to the incident.

FIRE ACTIVITY

INLAND REGION (Continued)

Petersburg, Vegetation Fire, Siskiyou County

Location: Petersburg x Caribou Creek Rd. 3 miles southwest of Cecilville

Jurisdiction: Federal DPA, FRA, Klamath National Forest

Start Date/Time: 07/01/18 at 1440 hours

Per Cal OES Duty Officers and ICS-209, as of 07/02/18 at 0809 hours:

- 300 acres timber, brush, 20% contained
- Structures threatened

Evacuations

- At the request of the US Forest Service, a mandatory evacuation order is in effect for Glacier View Ranch, Lakeview Ranch, and Big Flat area.
 - The area is sparsely populated and deep within FRA lands.

FIRE ACTIVITY

COASTAL REGION

Pawnee, Vegetation Fire, Lake and Colusa Counties

Location: Pawnee Rd. x New Long Valley Rd., 4 miles NE of Clear Lake Oaks

Jurisdiction: State DPA, SRA

CAL FIRE IMT-3 assigned

Start Date/Time: 06/23/18 at 1726 hours

Per Cal OES Duty Officers and ICS-209 as of **07/021/18 at 0809 hours:**

- **14,700 acres, 75% contained**
- Expected containment: 07/05/18
- Threatened Structures: 50 single residences
- Damaged Structures: 3 single residences, 3 other minor structures
- Destroyed Structures: 12 single residences, 10 other minor structures
- Continued structure threat
- Significant augmentation of air resources

Activations

- Lake County OES will currently remain on Duty Officer status.
- There are no emergency management needs from the region at this time.

Deployments

- 2 Cal OES Fire and Rescue Branch Assistant Chiefs
- 3 Public Safety Communications Technicians (PSCTs) assigned

FMAG

- On 06/23/18, an FMAG request was received by Cal OES. On 06/24/18, the FMAG was approved by FEMA; FEMA-5244-FM-CA.

Proclamations

- On 06/24/18, a Proclamation of Local Emergency was received from Lake County as a result of the incident. On 06/27/18, a letter was received from Lake County requesting disaster assistance under CDAA.
- On 06/25/18, Governor Edmund G. Brown Jr. issued an emergency proclamation for Lake County due to the effects of the Pawnee Fire, which has destroyed homes, threatened critical infrastructure, and caused power outages and the evacuation of residents.

[Click here for full proclamation](#)

FIRE ACTIVITY

COASTAL REGION (Continued)

Pawnee, Vegetation Fire, Lake and Colusa Counties (Continued)

Evacuations

- Mandatory: Double Eagle Ranch Subdivision

Road Closures

- Hwy 20 closed from Hwy 53 to Hwy 16, Lake County
- Mule Skinner Rd. at Hwy 20, Lake County
- Walker Ridge at Hwy 20, Lake County

Evacuation Shelter

- Lower Lake High School, 9430 Lake St., Lower Lake
 - Midnight population: 0

Critical Infrastructure

- Indian Valley Dam at Indian Valley Reservoir – Owned by Yolo County Flood Control District
 - Impacts: Dam operator reported that the fire has affected the infrastructure.
 - Dam operations are not affected - They are running on generator power and their ability to produce hydro power is down.
 - At this time, there is no threat to the dam.
 - Per Cal OES Dam Emergency Action Planning Division, 30 power poles and 3 miles of wiring have been damaged.

Water Impacts

- Lake County CSA 2 Spring Valley ID #17110018 service area was evacuated.
- Spring Valley serves 494 connections (pop. est. 995).
- Water source: Cache Creek treatment: slow sand filtration and disinfection.
- Telemetry was restored 06/25/18. Water system is producing enough water to keep up with demands. No advisory in place.

Health/Medical

- 1 Air Monitor is currently placed in Middletown and available to move to other locations as needed.
- 1 Air Monitor is in Clear Lake.

Recovery

- CAL FIRE damage inspectors, along with Lake County building inspectors, assessed areas on 06/26/18 for initial damage estimates.
- Public works is removing hazardous trees in fire affected areas in anticipation of re-entry.

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

911 Outages/Remote/Community Isolations:

Community Isolation Outage, Williams, Colusa County (New/Final)

On 07/02/18 at 0947 hours, the California State Warning Center (CSWC) was advised by CA 9-1-1 Branch of a community isolation outage which began at 0502 hours for Williams, Colusa County.

- The affected jurisdiction, Colusa County Sheriff's Office
- Wireless 9-1-1 calls were not impacted
- Wireline 9-1-1 calls were impacted
- Due to the outage, 1,179 access lines (telephone numbers) were unable to call outside the Williams central office and unable to call 9-1-1.
- Notifications made by CSWC personnel.
- The outage was restored at 0925 hours

Service Interruptions:

- None reported.

WEATHER OF CONCERN

Weather of Concern

*** Potential Critical Fire Danger and Excessive Heat ***

Southwest California:

- Potentially dangerous weather conditions are expected for Thursday, 07/05/18 through Sunday, 07/08/18 over southwest California.
 - Potential record breaking triple digit heat will likely lead to a risk of heat-related illness. Excessive Heat Watches and Warning are likely.
 - The very hot and dry conditions, coupled with gusty northerly winds will increase the risk for large fires.
 - Strong sundowner winds are forecast Saturday afternoon through early Sunday morning.
 - The Santa Ynez Mountains and Santa Barbara County south coast (through and below canyons and passes) are expected to experience wind gusts of 35-55mph, with isolated gusts to 60 mph.
 - Impacts: critical fire danger possible, dangerous cross-winds across Hwys. 101,154 and 192, potential for downed trees and power lines.
 - A large south swell will bring dangerous surf and rip currents

Southeastern California:

- Excessive heat is forecast for much of the region on Thursday and Friday; as Thursday, temperatures are expected to become brutal and extremely hazardous for southeastern California Thursday through Friday.
 - High temperatures are forecast to top out above 115 degrees for most urban areas.
 - Excessive Heat Watches and Warnings are very likely to be issued in the next few days.
- **Weather Advisories, Watches, and Warnings currently active in California:**
- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

*** HIGH RISK in the N and W Sacramento Valley and Adjacent Foothills Today and Near High Risk on Tuesday for Gusty N-NE Wind/Low Relative Humidity (RH) ***

*** High Risk Far Eastside PSA Wed July 4th through Friday for Low RH and S-SW Gusts to 30-40 mph ***

A low pressure trough will begin to form over the west coast today. A deeper marine layer will move farther inland with a stronger onshore push this week. However, hot and dry air remains in many inland areas and above the marine layer. N-NE winds will continue to gust to 20-30 mph in the northern and western Sacramento Valley and adjacent foothills until Tuesday night, with the strongest gusts during nights and mornings. There is a High Risk of significant fires in the Northern and Western Sacramento Valley and adjacent foothills today, and conditions there on Tuesday will approach High Risk. Dry gusty N-NE winds will also elevate fire potential somewhat over the higher terrain in the North Coast and NW Mtns today and all across the northern third of the region this afternoon through Tuesday evening. Temperatures in areas affected by the N-NE winds will continue to be 5-10 degrees above normal with minimum RH 8-18%, and humidity will only recover to 25-40% there tonight.

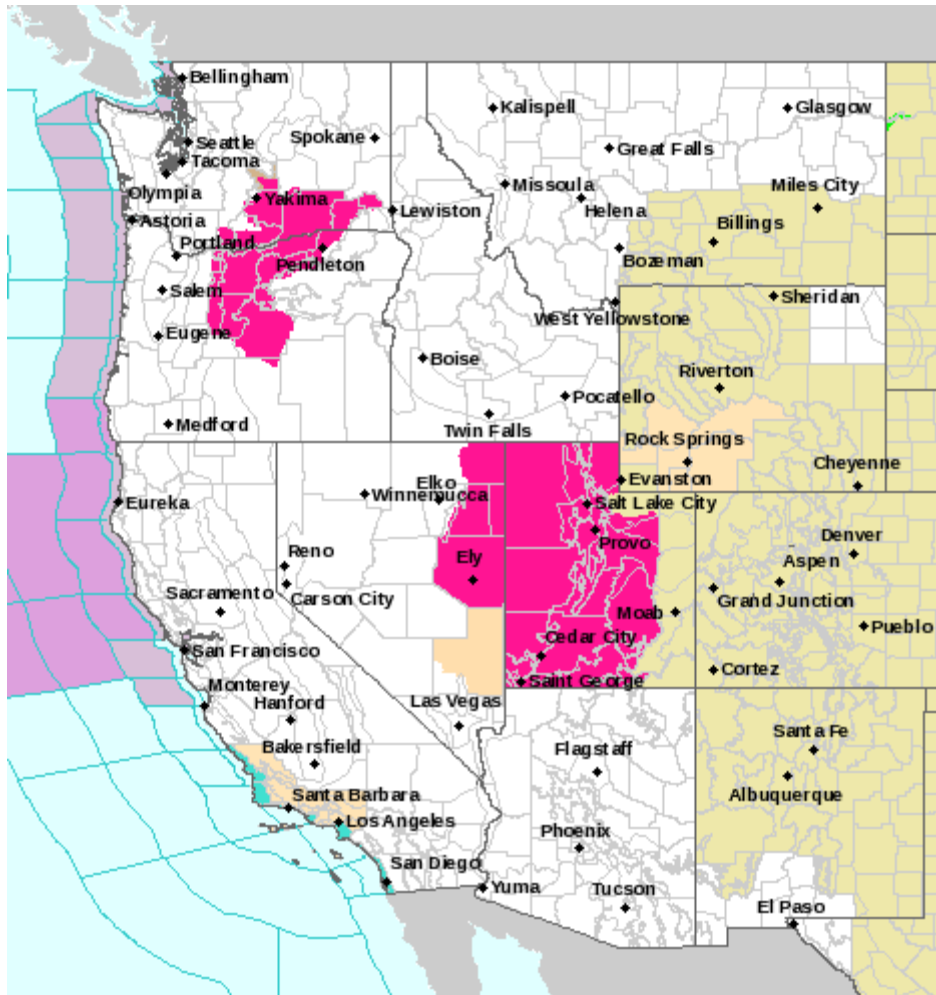

The low pressure trough will finally bring mild humid air to all areas west of the Cascade-Sierra crest by late Tuesday. The trough will remain over the west coast through Friday. S-SW winds will increase from the Cascade-Sierra crest east, with gusts reaching 30-40 mph during the afternoons and evenings on Wednesday through Friday. RH during this time will be 5-15%. This is a High Risk event for the NE California and Far Eastside PSAs.

SOUTHERN CALIFORNIA

A weak Pacific trough over the West Coast will bring near to a little below normal temperatures to the area through Wednesday, with mid 70s to mid 80s across the mountains and coastal valleys and upper 80s and 90s across the inland valleys and foothills. Westerly afternoon and evening winds of 20 to 30 mph with gusts to 50 mph will surface across the mountain ridges and desert passes through Wednesday. Minimum humidity will be mainly between 15% and 30% away from the coastal areas through Wednesday. However, minimum humidity will be between 5% and 15% across the deserts. Isolated thunderstorms will be possible over the Sierra Crest once again this afternoon. Significant warming along with widespread single digit humidity will take place Thursday and Friday as strong high pressure sets up over Southern California. Triple digit heat will be widespread across the valleys and foothills Friday and Saturday. North winds of 15 to 25 mph with gusts to 40 mph will surface across Santa Barbara County and the Grapevine Thursday night and Friday night. Cooling will occur Sunday as high pressure weakens a bit. Southeast flow aloft will bring isolated afternoon showers and thunderstorms to the mountains and deserts of Southern California east of the Cajon Pass this weekend. It looks as though moisture will increase next week for an increase in thunderstorm activity especially across the mountains and deserts including the Sierra.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Law Missions

- **2018-LAW-47767 7/01/18, 2208 hours:** IERCC advised of a PLB (InReach) device activation plotting to the area of Mt. Whitney Trail in Inyo County (36.563863N, -118.274732W). The Registered Owner (RO) reported one lost hiker, and an additional hiker suffering from altitude sickness. Inyo SO notified of the incident; mission accepted. Inyo SO established direct contact with the device and is assessing the need for a nighttime SAR response. **Mission Ongoing**

Closed Cal OES Law Missions

- **2018-LAW-47759 07/01/18, 1954 hours:** IERCC advised of a PLB (InReach) device activation plotting to the Saddlebag Lake/Mt. Conness area of Mono County (37.966626N, -122.305429W). IRECC reported the device is moving. Mono County Sheriff accepted the mission. LDO maintained frequent contact with Mono SO dispatch regarding updated coordinates. At 2205 Mono SAR located all four subjects. No assistance needed. Accidental activation. IERCC notified of conclusion. **Mission Closed**
- **2018-LAW-47749 7/01/18, 1444 hours:** AFRCC and IERCC simultaneously notified the warning center of PLB (InReach) activations plotting to Alpine Co. (IERCC 38° 38' 30" N, -119° 57' 23" W /// AFRCC 38 39.40 N, 119 58.27 W). IERCC received a message indicating "not breathing." Alpine Sheriff Dispatch notified of the incident; CHP Helicopter dispatched to the scene. The victim was located and determined to be deceased. IERCC and AFRCC notified of conclusion. SART opo listed the separate activations as 1.2 miles apart with a 700' elevation split. LDO followed up with Alpine Sheriff to confirm both activations were one in the same incident. Through RO info from the devices it was determined both activations were related to this incident. **Mission Closed**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-FIRE-47611:** California National Guard medevac helicopter with night vision to be positioned at Mather (On Scene)
- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties (On Scene – Long-term assignment)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
